Pastoral work is not about doing great things, but doing small things with great passion and love. It is a ministry of presence, service, and guidance that helps to bring the love, care and message of Christ to the people. Through different activities, pastoral work supports spiritual growth, strengthens community life, and responds to the needs of the people in their daily struggles. By taking part in the activities of the pastoral work we are striving to accomplish the aim of our Pastoral service in our parishes.
